

## Remember PSO in your Will

There are different ways to support PSO in your Will:

- **A percentage:** a nominated percentage of your total estate.
- **A residual gift:** after providing for your family, you can nominate that you want to leave part, or all of what's left of your estate to PSO.
- **A specific gift:** a specific amount of money, real estate or any gift you wish to nominate.

A gift to Presbyterian Support Otago, no matter the amount, helps us to continue working towards our vision of every person being valued and growing in a safe and strong community.

## The wording is important

When you make a Will or add to an existing Will (a codicil) you need to be clear about your wishes. To support our work, we suggest the following wording:

**I give to Presbyterian Support Otago (CC20878)**

- 1) [a percentage of my estate], or:
- 2) [the residue of my estate], or:
- 3) [the sum of \$....],

**for general purposes. I declare that the receipt of the Chief Executive, or other proper officer, will be sufficient receipt and discharge for my trustees”.**

## Together – we can make a difference

By leaving a gift to PSO in your Will, you will directly help children and families living with violence, poverty and trauma, to have a safer and brighter future. You can make sure older people who have given so much of their lives to us are able to maintain a sense of belonging, meaningful activity and purpose in their 'golden years'.

Year on year, the demand for our services increases considerably. Leaving a gift is an incredible way of leaving a legacy of caring in your community.

## A better life for everybody

**Presbyterian Support Otago (PSO) has been supporting and empowering children, families and communities since 1906. We are Otago's charity. We are one of the largest and most respected non-government providers of social services in Otago.**

Our vision is a world where every person, young or old, is valued and grows in a safe, strong and connected community. We do this through providing Enliven aged care and programmes for hundreds of local older people, and through our Family Works social services for thousands of people of all ages.

Our caring teams are dedicated to providing person-centred, culturally responsive, caring and professional support to people from all walks of life.

PSO is a charity incorporated under the Charitable Trusts Act 1957. While we operate as a separate entity to the Presbyterian Church, our name is a celebration of our beginnings, our heritage and the values we share.

## Supporting future generations

**Our Family Works services support vulnerable children and their families by providing wrap-around social services.**

Every year our Family Works team supports thousands of people in need to make lasting, positive change in their lives. Many of our services rely on donations and bequests.

To achieve positive and lasting change, the Family Works team takes into account the whole family. Services are flexible, responsive and build on the skills, strengths and resources of each family.

**"You helped me see the light at the end of the tunnel. Thank you for the part you have played in making a positive difference to my family"**

## Supporting older people

**Enliven aims to create age-friendly communities where people are happy and thrive, regardless of their age or ability.**

While we are funded by Government to provide the basics of food, shelter and medical care, we are sure you'll agree the older people in our communities deserve so much more.

At Enliven we support older people to have companionship, meaningful activity and fun in their lives. These are the things that add life to life!

You can ensure that older people who have given so much of their lives to us are able to maintain a sense of belonging and purpose in their 'golden years'.

**"You can't imagine how important a visiting volunteer is to someone like me. I'm so grateful, she brings a lot of joy into my life"**

## Why leave a gift to PSO?

I want to share my success; I think this is an okay thing to do! I have supported a number of churches over the years as well as Presbyterian Support Otago. I really care about children and families and want children to be able to grow up in a safe community. I admire the work that PSO does and knowing my bequest will support children, families and the elderly in the community makes me feel very happy!
